LOCALE

Ouray County (pop. 4,794), is one of the 64 counties of the U.S. State of Colorado, claiming Ouray for the county seat. Because of its rugged mountain topography, this county is also known as the “Switzerland of America.” Ouray County was formed out of San Juan County on January 18, 1877, and was the first county to be designated by the newly formed Colorado State Legislature. It was named for Cheif Ouray, a distinguished Ute Indian chief. Ouray was designated county seat on March 8, 1877 and claims the gateway to the San Juans.

The San Juan Mountains are famous for their rugged peaks, steep canyons, and deep river valleys. Southwestern Colorado is also home to thirteen peaks above 14,000 ft, known by climbers as “Fourteeners.” This region also claims the headwaters of the famous Rio Grande, San Miguel, and Dolores rivers.

Much of Colorado’s mining history was written here with famous gold strikes at the Idarado, Camp Bird, and Smuggler Union mines. The 19th century mining towns of Telluride, Ouray, Durango, and Silverton have been reborn as vibrant centers for art, music, and tourism. Winter sports, including skiing at Telluride and ice-climbing at Ouray, are major engines for the local economy.

AREA ATTRACTIONS

Montrose, a county seat, has been a hub for agriculture and commerce since the early 20th century and the completion of the Gunnison Tunnel, which brought water for irrigation to the Uncompahgre Valley. Humans have lived here, though, for more than 3,000 years as evidenced by the petroglyphs at the Shavano Valley Rock Art Site. Today, Montrose is a regional center for health care, retail, and entertainment.

Ouray likes to call itself the “Switzerland of America” and in fact, this former mining town nestled in a valley surrounded on three sides by steep peaks is as quaintly beautiful as it is historic. Two-thirds of the town’s original Victorian buildings have been preserved. People come to Ouray for ice-climbing and for the natural hot springs.

Historic and happening, **Telluride** is home to superb winter skiing, a thriving cultural arts scene, world-class restaurants, and more than a few artists, writers, and actors. A former mining town named after tellurium, a metalloid element never actually found here, Telluride is today at the center of southwestern Colorado’s cultural and winter sports scene. A free gondola connects Telluride to Mountain Village at the base of the ski area.

AREA ATTRACTIONS

THE BLACK CANYON OF THE GUNNISON

The Black Canyon of the Gunnison near Montrose is, as the National Park Service notes, “big enough to be overwhelming and still intimate enough to feel the pulse of time.” With its steep cliffs and rock spires, the canyon tests hikers while fishermen, boaters, and kayakers find challenges on the river.

RIDGWAY, COLORADO

The “Gateway to the San Juans,” **Ridgway** supports an eclectic arts scene. *True Grit*, starring John Wayne, and *How the West was Won* were filmed in and around this historic mining town and former railroad stop.

Moab, Utah

Home to two of the America’s most famous national parks, Moab is less than three hours west through the Paradox Valley and over the La Sal mountains.

Arches National Park, located just five miles north of Moab, boasts the world’s largest concentration of natural sandstone arches—more than 2,000 in all—along with an awe-inspiring variety of natural geological formations.

ARCHES NATIONAL PARK

The vastness and amazing diversity of **Canyonlands National Park**, 32 miles from Moab, boggle the mind and offer endless opportunities for hiking, camping, and whitewater rafting through Cataract Canyon.
